

Aluminum

CHARACTERISTICS

UV Resistant
Non-Absorptive
Chemical Resistant
Corrosion Resistant
Shrink & Moisture Proof
Impervious to Gas & Solvents

Hygienic
Non-Toxic
Odorless
Tasteless
Electrically Conductive
High Ductility & Strength

Pliable
Lightweight
Non-Magnetic
Thermally Reflective
Insect Resistant
Grease Resistant

APPLICATIONS

Heat Exchanger Fin
Residential & Commercial HVAC
Food Packaging
Laboratory Foil
Hepa Filters

Transformers
Medical
Pizza Wrap
Gaskets
Stamping
Insulation/Sound & Vibration Dampening

Chalkboard Backing
Laminations
Laminated Shim
Entry Sheet
Waterbed
